CURB ENFORCEMENT

KEEPING THE CITY CLEAN

A guide for contractors, landlords and residents concerning city ordinances and the disposal of solid waste.

THE CITY OF JACKSON
SOLID WASTE DIVISION
601-960-1193

Attention: contractors, landlords and residents:

The Solid Waste Division needs your assistance with keeping the City curbs clean by adhering to the City ordinances. We have increased enforcement actions in an attempt to prevent waste problems on the city curbs.

Curbside cleanliness can be directly linked to:

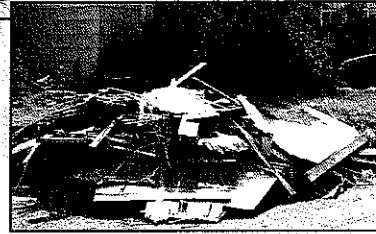

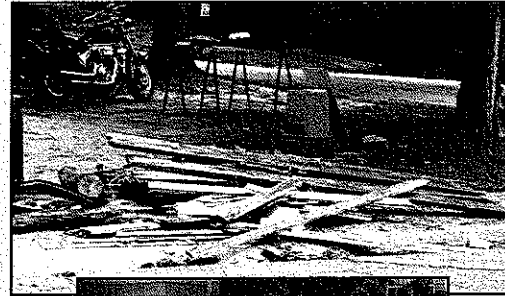

- clogged storm drains which leads to flooding
- poor neighborhood aesthetics which leads to lower property value
- increased crime rate in some areas.

Solid Waste Division officers will aggressively pursue parties that pollute city rights-of-ways with waste that does not conform to City ordinances.
